## **NEW PRODUCT BULLETIN**

### **Water Shroud Kit for the Kirby Morgan® 97 Part #525-761**

Kirby Morgan® introduces the Water Shroud Kit for the KM 97. The water shroud kit can be used for both traditional hot water applications and in dirty or debris laden water, using a constant water supply for increased protection of key helmet components.

**Products Affected:** Kirby Morgan® 97

For more details, please go to the Water Shroud Kit for the Kirby Morgan® 97 on our website:  
<https://www.kirbymorgan.com/products/spares-kits/525-761-km-97-water-shroud-kit>

The Water Shroud Kit for the Kirby Morgan® 97 is available now.

While this kit is specific to the KM 97, additional kits in the future will be available for the SL 17C, 27® and KM 37 Helmets, KMB® 18 and 28 BandMasks that are equipped with a 455 Balanced Regulator.

Please contact your authorized KMSDI dealer or e-mail [sales@kirbymorgan.com](mailto:sales@kirbymorgan.com) for more information.
