## Quad Bags

Designed as a multi-purpose bag that can be used as a lift bag, an upline float, drybag, or an inflatable dive flag/float.

SUBSALVE USA Quad Bags are manufactured of high-strength, lightweight, vinyl-coated nylon fabric and roll up small enough to carry on every dive. They are screened on both sides with a bright red "divers down" flag for high visibility, and are equipped with an oral inflator and an optional lanyard-operated dump valve.

A must for tech divers, wreck divers, beach and boat divers.

## The Quad Bag is four bags in one!

- Recover your ultimate prize from the depths.
- Mark your location with an upline, or use as a decompression line.
- Tow as a dive flag to warn off boaters.
- After the dive, put your suit in the bag to keep your car dry.

## All SUBSALVE USA Quad Bags are equipped with:

- Velcro tie strap
- Bottom waterproof closure
- Brass snap
- Oral inflator

## Accessories (ordered separately)

Strobe Light - Makes a Quad Bag a great night diving or drift diving float. Comes with a detachable velcro strap. CO2 Inflator - Makes a Quad Bag a rapid deployment marker. Comes with a 38-gram CO2 cartridge.

Quad bags are available in four sizes: 25 lb., 50 lb., 100 lb., 200 lb
