

## Aquacom® MK2-DCI 2 Diver Air Intercom

The Aquacom® MK2-DCI is a compact, self-contained two- or one-diver air intercom. It will provide one or two divers, using a Full-Face Mask and Ear/Microphone Assembly, with clear communications either in the 2- or 4-wire mode. However, up to 6 divers can be stacked and all be on line together (4-wire mode).

The 20 watts of power ensures clean, crisp communications over long lengths of [communications rope](#). State-of-the-art circuitry allows intelligibility that is second to none. Our unique battery protection microprocessor will protect your batteries from being damaged due to extreme low voltage conditions.

Options:

- **THB-2A** Deluxe Headset w/boom Microphone & PTT control
- **RB-6V** Sealed Lead Acid Battery (requires 2)
- **RCS-13** Smart Battery Charger
- **CR4** 4-Wire Communications Rope

Specification Comparison of Hardwire Surface Units			
Features	MK2-DCI	ComBox	MK-7
<b>Battery Life</b>	20 hours continuous use	6 hours continuous use with alkaline batteries.	12 hours continuous use
